

PCARC MINUTES
August, 1999

Old Business :

1. Field day was successful. The club made between 305 to 307 Contacts during the event. 271 of the contacts were valid. Took A vote on turning the results into the ARRL. The vote passed and Jim will send off the results.
2. Jim discussed some items that are missing from the club. The adapter for the 840 link is missing as well as the mouse off the computer. Discussed the idea of putting a keyed lock on door to club house and decided to have a deadbolt lock installed.
3. Discussed acquiring a post office box for the club. Decided to maintain the mail drop in door of club and have a box mounted on door to collect mail.
4. Discussed the upcoming Iron man Triathlon in November. Talked about how to participate whether or not to do it as a club or as individuals. Will discuss the matter further.
5. Discussed the upcoming Hamfest in Milton. It will be July 23 & 24th.
6. Discussed the possibility of getting phone service and or Internet service hooked up here at the club house. Decided to investigate and see what could be done.
7. Jim asked everyone about a Christmas party. We did not have one

last year so everybody needs to think about it and decide if we want to hold one this year. Will discuss this matter further.

Being no other business, the meeting was adjourned.

Respectfully submitted,
Tom Cook KF4VRX
Secretary
