

PCARC MINUTES  
May,1999

Old Business:

1. The antenna party held Saturday March 13, here at the club was a success. Several folks turned out for the event. We now have a new 80 meter wire antenna installed and operational. A big thanks goes out to everyone who participated.
2. Dave N0UBW, donated a frequency counter and a antenna tuner to the club. Discussed the idea of selling these items at the next Tail gate party with the proceeds going to the club treasury.
3. Don gave a report about the club's insurance. The ARRL Insurance is due in May.
4. The club's 2 to 10 link repeater has been fixed. A new 2510 radio was purchased for \$100.00 dollars and installed. The repeater needs a new Id'er and a vote was called for on the purchase of a new one. The vote passed unanimously .
5. A report on the Triathlon was given by Virginia, and she is still looking for help with this event. The event will be Saturday May 8<sup>th</sup>.
6. The Cedar Grove Police Aux Unit will be hosting a tail gate party here at the club house Saturday May 15,1999.It will start around 9 am till whenever. The club will be selling Hot Dogs, Drinks and Baked Beans. The tables will be free of charge. Asking everyone to spread the word as we would like a huge turn out.

Being no other business, the meeting was adjourned.

Respectfully submitted,  
Tom Cook KF4VRX  
Secretary
