

PCARC MINUTES
February 2000

Old Business:

1. Discussed the radio for the upcoming raffle. After much discussion, it was decided that an Alinco 605 T Dual Band rig would be purchased. Also it was decided to sell 170 tickets at \$5.00 a piece. The drawing will be held at the April business meeting or as soon as all tickets are sold, which ever occurs first.

 2. Jim gave a report on the 2-10 link. It is back up and working, but is experiencing some problems. He hopes that the problems can be resolved soon. Discussed the possibility of purchasing a new 10 meter rig to replace the existing one. No decision was made on this as of yet.

 3. The club received a letter of thanks from Nature's Gallery for the club's participation in their event last November at the state park.

 4. Jim presented to the club a plaque made for Don, K04ZR in appreciation for being the clubs president last year. Due to recent health problems, Don was not in attendance of the meeting and Jim said that he would deliver the plaque to Don sometime in the coming week.

 5. Discussed a 350 Atlas HF rig that was donated to the club. The rig is in good shape but has some internal problems. Discussed what to do with the rig and a motion was made to spend up to \$150.00 to have the radio checked for repair. The motion passed and the rig will be sent off to be checked and or repaired depending on what is found wrong.
- Being no other Business, the meeting was adjourned.

Respectfully submitted,
Tom Cook, KF4VRX
Secretary
