

PANAMA CITY AMATEUR RADIO CLUB
MINUTES
July 2, 2003

Meeting called to order by Club President Jack, KE4VAA.

Minutes from June read and accepted.

Treasurer's Report: Balance \$2568.74

Old Business:

1. Charlie NF4A gave a report on field day and thanked everyone for participating. We had to end early because of wind. Charlie has not totaled the contacts yet but he estimates about 1500 contacts. If you have pictures of field day please send them to Charlie at nf4a@knology.net. A suggestion was made to possibly have a vertical on hand to use in case of windy weather next year
2. The Atlas radios sold at auction for \$402.74.
3. We will continue working on the roof in August.

New Business:

1. The 10M amp and power supply have turned up missing. If anyone has borrowed them, please return them to the clubhouse.
2. Henry, KG4LFS has agreed to donate a replacement 10M amp if necessary.
3. The club voted to authorize William KF4JMM to purchase a replacement power supply.
4. We will have a tailgate 9 Aug at the clubhouse.
5. Charlie NF4A has agreed to give a power point presentation of his Croatia DXpedition on the 3rd Wednesday of the month in place of our originally scheduled training meeting.
