

PANAMA CITY AMATEUR RADIO CLUB
MINUTES
June 4, 2003

Meeting called to order by Club President Jack, KE4VAA.

Minutes from May read and accepted.

Treasurer's Report: Balance \$2347.62

Old Business:

1. Most of the electrical work has been completed on the clubhouse. A few lights and outlets need to be wired. The roof is only about half done as there was more repairs needed than anticipated. As a result we will have another work party this Saturday meeting at Golden Coral at 0730 and work beginning afterwards.
2. Charlie has been out of town so the May field day class did not occur. We will have a field day class this month by Charlie or Jim K4JAF.
3. The buyer for the Atlas radios was given a 31 May deadline to submit payment for the radios he purchased. He did not contact Jack until 3 June. The club has decided to repost the radios on E-bay through Jim K4JAF with a total minimum bid of at least \$225. They should be posted in the next few days.

New Business:

1. There is a SWAP forum on the Tuesday evening nets. Clean out your closets and find the trash that you have that is someone else's treasure! Who knows maybe someone else's trash is YOUR treasure!
