

PANAMA CITY AMATEUR RADIO CLUB
MINUTES
August 04, 2004

Meeting called to order by Club President Dave, W4WLC.

Minutes from July were read and accepted.

The Treasurer's Report: Balance \$1718.04

Old Business:

Cypher lock has been taken offline pending repair or replacement of the door.

Roof is still leaking, the good news is that it only leaks when it rains.

New Business:

The club voted to replace the existing door with a new one with a mail slot. The cipher lock will be installed in the new door and activated at that time.

The 145.330 repeater is expected to be back online by the end of August per William Page KF4JMM.

The 2/10 link is still offline pending repair. Plans are in the works to facilitate getting it repaired. Dave W4WLC is still twisting Charlie's arm to assist in the repair effort but Charlie has yet to relent and agree to the task.

The big tower is still lying horizontal at Dave's (the club treasurer) house pending arrangements to get it erected at the club house site. Attempts will be made to secure a donation of cement from one of the local cement companies.

Charlie Wooten reported receiving 3 OO reports and 1 pink slip FCC for the special event call sign as a result of an operator operating out of bounds on field day.

Calendar Reminders:

The Florida Iron Man Triathlon will be held in November and volunteer operators are needed. Please see William Page if you can help.
